The session also emphasized the importance of keeping up with the latest developments in VoIP technology and how FreeSWITCH can be leveraged. Through interactive demonstrations and hands-on exercises, attendees gained a deeper understanding of FreeSWITCH.

Session with Ms. Gomathi on AI Evolution

Our non-technical team members took a deep dive into the evolving world of Artificial Intelligence in an insightful session led by Ms. Gomathi, at AgnoShin.

The session unpacked everything from the foundations of AI, ML, and Generative AI to deeper discussions around AI ethics, data privacy, ROI modeling, and the crucial role of Human-AI collaboration

More than just technology, it was about understanding the why behind AI and how it's shaping the way we work, serve customers, and innovate for tomorrow. At AgnoShin, we believe AI isn't just for coders it's for everyone.
