AGNO-DIGEST

CHESSTOURNAMENT

Engaging in gaming is a fantastic way to foster interpersonal connections. Moreover, a few of these team-building exercises will test the strategic thinking and problem-solving skills of your coworkers. It can be challenging for team members to get to know one another in the fast-paced corporate environment of today's workplace, and it can also be challenging for new hires to fit right in. Yesterday, AgnoShin Technologies had a successful chess tournament, with Indrakumar M. becoming victorious and showcasing exceptional skills.

Bravo to the AgnoShin team for their excellent participation.

TECHNOLOGY..

"Technology: The Heartbeat of Modern Life"

Dr. Henry Alexander spoke about the importance of technology in modern society, how it influences many aspects of life and propels significant professional achievements in a range of fields. Thank you for sharing your good experience with us, Dr. Henry Alexander. We hope to see you again. Agnoshin Technologies - Udumalpet

Women's Welfare Meet

"One woman's accomplishment ought to serve as an example for another. When we support one another, we are most powerful. Ms. Shalini Priyadharshini spoke about the importance of women's empowerment in the workplace at the July Women's Welfare meeting at AgnoShin Technologies. These gatherings inform women on their health, rights, and other opportunities. Women can be empowered to make educated decisions by having knowledge about their legal rights, health, and education.

Team Reviews

I truly appreciate the team's methodical approach to working. The assistance that my TL and organization provide is just remarkable. Both the team and its players offer support to each other.

Porselvi, *System Engineer*

AgnoShin offers a dynamic, team-focused work environment. The workspace is well-appointed and modern, with all the conveniences needed for a productive workday. The company also promotes remote work, which enhances work-life balance.
